

Term 1 – Week 4
Tuesday 18th February

Our Holistic Approach

We are now almost a month into our first term of the year and the calendar is filling up. Many parent evenings have already taken place right across the school, with more to come in the following weeks. Please take advantage of these excellent opportunities to contribute to your class communities and discover more about how our curriculum meets the children as they move through the school.

Our outdoor education programme is one of the many special elements of our educational offering that remains with our students for many years after they have graduated. Our alumni frequently report that camps stand out for them as some of the most memorable and significant experiences of their journey at Little Yarra. The warmer weather in the first term makes it a perfect opportunity to get as many classes on camp as possible, with almost one group out each week.

Class 9 returned late last week from their first camp of the year to Kolora, and will barely have shaken the sand from their boots before heading back out to Waratah Bay mid next week. Class 8 will also be embarking on their cycle tour of the Yarra Valley next Monday. Class 4 will spend the remainder of this week at Walkerville. From their campsite on the foreshore, they will have a panoramic view across the bay to the mountains of Wilson's Promontory in the distance, and will spend the next few days busily exploring, swimming, and hiking around the bay.

An equally significant element of our holistic educational approach is the support of our students' mental health and socio-emotional wellbeing. We are very fortunate in this regard to have Anita Holman here at the moment, presenting the Teen Mental Health First Aid programme with our Class 10 group. Following this, we will have Dave Garb working with Class 8 to 12 in April, Aladdin Jones a little later with the Class 9 and 10 boys, and Lisa Devine with Classes 4 to 7 in August.

BUSHFIRE NOTICE

John

We are currently in Bushfire season and may experience days of extreme weather this term. Please be mindful that on days of CFA declared **Extreme** and **Code Red** Fire Danger days, the school will be closed. Please stay informed by regularly checking the CFA website, as it may not be possible to update our own website should an Extreme or 'Code Red' condition be declared very late.

To check the current rating, please visit the CFA website: www.cfa.vic.gov.au

PARENTS AND FRIENDS ASSOCIATION

Jane

On behalf of the Parents and Friends Association - Welcome to a new school year!

I'd like to extend an open invitation to come along to our first Parents and Friends Association meeting of the year, next Wednesday 19 February at 7:00 pm (in the main administration building). We are open to ideas about how we as a parent body can help support the school and our community. We will meet twice per term, but are also always available via email - pandf@lyss.vic.edu.au Hope to see you there! Jane Davis.

SINGING EXPERIENCE FOR PARENTS

Damien

Each year students from class 7-12 sing Bach's St John Passion and do an amazing job. Would you also like to challenge yourself and be a part of this amazing experience? I will be running a 30 minute session every Tuesday Morning from 9 – 9:30 where you can learn some of this beautiful work. It is an opportunity to learn some of the chorales giving you the opportunity to join in with the choir for the performance. We will rehearse in my room (number 4) in the music department starting next week 11th February. All welcome.

SCHOOL PHOTOS

Barry

School Photos are scheduled this year for Thursday the 12th of March. A listing of times for the various photo taking sessions will appear in an upcoming newsletter. Photos will be taken by SchoolPix and we look forward to the gorgeous pictures they will take. School Photo order forms will be sent home with the children in two weeks' time. Aside from the photo packs that parents are able to purchase, the school uses these pictures on our student database, in some of our First Aid documents, for student ID cards for classes 7 to 12 and as an archive collection of the children who attend Little Yarra each year.

CONVEYANCE ALLOWANCE

Barry

The conveyance allowance is a form of financial assistance to help families in rural and regional Victoria with the cost of transporting their children to their nearest appropriate school/campus.

The conveyance allowance is available to eligible students travelling by private car or on one of the school buses.

To be eligible students must

- attend their nearest government or non-government school/campus appropriate to their year level at which admission is permissible
- be enrolled at a school/campus outside Melbourne's metropolitan conveyance boundary
- reside 4.8km or more by the shortest practicable route from that school/campus attended
- be of school age (attending Prep to Class 12) and reside in Victoria

Application forms are available from the School office. Previous applications are carried forward providing that all details remain correct. You will only need to fill in a fresh form if your address details have changed or you are adding an extra child to your claim.

SCHOOL SMS SYSTEM

Barry

Many parents would be familiar with receiving SMS Text messages from School. We will text parents to advise of an unknown student absence, when a class group is returning from camp and when we need to convey a quick message to bus travellers or LYE performers. Parents can reply to a text received from School or alternatively by SMSing directly to 0438 814 170. Please be sure to avoid using emoticons or graphics in your message. Putting the cute smiley face or thumbs up symbol into your message will transform the whole message into Unicode and makes it unreadable for us. Please be sure to only use regular characters and numbers in your message and all will be well. Thank you.

CALL FOR INSTRUMENTS FOR MUSIC REGISTER

Barry & Melinda

There are many great second hand instruments in varying sizes available in the Music Instrument Register.

The Music Register is displayed on the noticeboard outside the Music Studio and included in the Parent Community newsletter Sweet Porridge.

Please remember to email Melinda melinda.whyman@gmail.com if you sell an instrument so we can keep our list current.

For parents/guardians of students:

2020 Student Residential Address and Other Information collection notice

This notice is from the Australian Government Department of Education, Skills and Employment (the department), to advise you that the department has requested that your child's school provide a 'statement of addresses', in accordance with the *Australian Education Regulation 2013* (Cth) (Regulation).

A *statement of addresses* contains the following information about each student at the school:

- Student residential address (**not student names**)
- Student level of education (i.e. whether the student is a primary or secondary student)
- Student boarding school status (i.e. whether the student is boarding or a day student)
- Names and residential addresses of students' parent(s) and/or guardian(s)

Schools generate a record number for each student for the purposes of this collection, which is also provided to the department.

Purpose of the collection

This collection is routinely used to inform Commonwealth school education policy, and to help ensure that Commonwealth funding arrangements for non-government schools are based on need, and are fair and transparent.

The information collected in the *statement of addresses* will be used to inform school funding calculations. It is combined with data held by the Australian Bureau of Statistics (ABS) to calculate the estimated capacity of a school community to contribute to the schools' operating costs (capacity to contribute). Australian Government funding to non-government schools takes this estimated capacity to contribute into account.

On 20 September 2018 the Government announced that it will implement a new, improved capacity to contribute methodology used in the calculation of the Commonwealth's needs-based funding arrangements for non-government schools. Known as the direct measure of income (DMI), the proposed new methodology is based on the median income of parents or guardians of students at a non-government school. This is in contrast to the current area based measure which is a point in time analysis based on average circumstances in 2011 of the area in which students at the school lived. This change follows a review of the existing methodology by the National School Resourcing Board. Further information about the review and the Government's response can be found on the department's website: <https://www.education.gov.au/review-socio-economic-status-ses-score-methodology>.

Use and disclosure of personal information

Your personal information is protected by law, including the *Privacy Act 1988* (Cth). Any use and disclosure of your personal information relating to the *statement of addresses* will occur in accordance with the Regulation.

Your personal information may be used by the department, or disclosed to the ABS, for the purposes of reviewing capacity to contribute methodology, calculating capacity to contribute and Commonwealth school education policy development (including school funding), or where it is otherwise required or authorised by law.

Your personal information will be provided to the ABS for capacity to contribute calculations and analysis as part of the Multi-Agency Data Integration Project (MADIP). Departmental staff will use the ABS' secure DataLab to undertake analysis and calculate capacity to contribute scores for schools using de-identified data (i.e. data that has had identifiable information such as name and address removed). The linked information will not be used for other purposes. Further information on the MADIP can be found here:

[http://www.abs.gov.au/websitedbs/D3310114.nsf/4a256353001af3ed4b2562bb00121564/9099c77cb979d558ca258198001b27a0/\\$FILE/MADIP%20iPIA_2018.pdf](http://www.abs.gov.au/websitedbs/D3310114.nsf/4a256353001af3ed4b2562bb00121564/9099c77cb979d558ca258198001b27a0/$FILE/MADIP%20iPIA_2018.pdf).

The department may, from time to time, carry out audits of school submissions. In the event of an audit, contracted auditors may seek to compare a school's *statement of addresses* with student enrolment information held by the school. These contractors will not use the information for any other purpose.

The department may also be required to disclose your personal information to its service providers for the purposes of the provision of information and communications technology (ICT) support services to the department.

What do you need to do?

You are not required to do anything. Your school is responsible for providing the requested details to the department, however, you may wish to ensure that your school has the most up-to-date and correct details for your family.

Contacts for further information

Your school can provide additional information about the process of the address collection.

If you have any further questions regarding the collection, you can contact the department by:

- Email: seshelpdesk@dese.gov.au
- Phone (free call): SES helpdesk on 1800 677 027 (Option 4)

The department's privacy policy is available on the department's website at www.dese.gov.au. The privacy policy contains information about:

- how individuals can access and seek correction of the personal information held by the department;
- how complaints about breaches of the *Privacy Act 1988* (Cth) can be made; and
- how the department will deal with these complaints.

MELBOURNE 2020

NIGHT JOURNEY

In this performance by the San Francisco Youth Eurythmy Troupe, eurythmy blossoms into a breathtaking arpure poetry in motion! This new program by director Astrid Thiersch will be

th, 11th, and 12th grades. The program features choreography to music of Beethoven and Arfair Patalen The Twelve Dancing Princesses shows mysteries of sleep, and a variety of poems and humoresques round out the program. Come and enjoy this rare experience of light, color and music! The program is appropriate for all ages.

About the Troupe

The San Francisco Youth Eurythmy Troupe began in 1995. It is open to all interested 10th grade students, whose intensive practice of all aspects of eurythmy as a performing art culminates in annual public performances in San Francisco. Artistic expression is a primary focus, including solo and large and small ensemble work, costuming and lighting. Eurythmy has a wonderfully beneficial effect on the flexibility of movement and of thinking, and promotes harmony of feeling and a positive dynamic. The Troupe has acquired a fine reputation through its performances at home and on tour. Significant highlights include: the Faust Youth Conference in Dornach, Switzerland, and the Hito Sun Conference in Stuttgart, Germany, both in August 1999; an international conference in Fair Oaks in August 2000; international eurythmy conferences in Switzerland 2001 and 2003; touring to New York 2002, Texas 2004; a return tour to Germany 2005; and tours to Japan 2006, Italy, 2007, Egypt 2008, 2009, France 2010, China 2011, New Zealand 2012, Holland and Belgium 2013, Taiwan 2014, Thailand 2015, Switzerland and Germany 2016, a return to China 2017, Philippines 2018. This year the Troupe tours to Sydney and Melbourne, Austr

About Eurythmy

Eurythmy was born in the climate of the modernist revolution in the arts when Rudolf Steiner was asked in 1912 if a new impulse could be given to the art of movement. Steiner explored the world of human speech and music, seeking typical forms and movements belonging to the sounds themselves. Sound is always formative, but its world of forces is usually invisible. In eurythmy, the aim is to speak and to sing through movements and gestures that reveal to the eye what language and music sound to the ear: it is often referred to as visible speech and visible music. Stage eurythmy has moved audiences worldwide, with its blend of flowing movement and profound expression, creating a space alive with the forces that shape beings and the world around us.

Astrid Thiersch, Artistic Director

As a Waldorf student in Stuttgart, Astrid loved Eurythmy from an early age. She studied at the Eurythmeum under Else Klink, where she was active performing and teaching for several years, touring with the Stage Group, teaching in the Eurythmy training, and giving courses at the WALDEN Hauschka company. Astrid has taught students and teachers of all ages and her special interest is in working with high school students. Her unique Youth Eurythmy Troupe has been thriving and performing annually for well over twenty years. Astrid was an Artistic Director-for the groundbreaking international youth eurythmy project Moves You in Berlin in both 2012 and 2014. Each year she creates a new program with her Troupe, inspiring audiences in San Francisco and around the globe.
